

Baumit StarTrack Orange

Mechanical fixing for porous concrete and critical substrates

Benefits

- Designed specifically for renovation work
- Extremely reliable setting
- Designed specifically for porous concrete

Technical Data

Product	
Dowel shank diameter:	8 mm
Min. borehole depth:	95 mm
Anchorage depth:	≥ 40 mm 65 mm on aerated concrete

Written and oral application technology recommendations provided by us to assist the seller/processor are based on our experience and reflect the current state of the art in science and practical application know-how. However, it is understood that these recommendations are non-binding. They do not create any legal relationship or any ancillary obligations in connection with the sale contract. They do not release the buyer from its obligation to verify the suitability to our products for the intended purpose or use by itself.
